

SolaSpot Pro CMY

- BRIGHT WHITE LED ENGINE
- INCREDIBLE OUTPUT
- CMY COLOR MIXING
- LOW POWER

Where white really is white and colors are saturated!

The highest performance LED spot in its class. Featuring Bright White LED with CMY Mixing—the very first in the industry! Totally green—equivalent to a 700 watt class discharge source with less than 500watts of LED power.

SolaSpot Pro CMY

Where White is White and Colors are Saturated

Lighting designers no longer need to make compromises between the quality of white and color, and they no longer have to worry about the quantity of output. With SolaSpot Pro CMY, the industry has finally got an LED tool to truly replace existing 700w and some 800w arc fixtures! All this coupled with the long life of the LED source.

Bright White and Green Too!

The next generation has truly arrived with the brightest, most feature rich, LED hard edge fixture on the market today. Outputting over 13,000 lumens from a 320 w LED source, not only is this the brightest but also the most efficient LED spot available.

Breaking New Ground

Alongside yet another industry first when it comes to LED and CMY, are features like Linear CTO, 2 gobo wheels, a fixed color wheel, incredibly quick zoom and focus, a prism, iris and frost, making this a true work horse of the future.

Features:

- Over 13,000 Lumens LED Output
- Bright White LED Engine
- Even Beam Field
- CMY Color mixing
- Linear CTO
- Rotating Gobo Wheel 6 + 1
- Fixed Gobo Wheel 7 + 1
- Fixed Color Wheel 7 + 1
- Fast Zoom 12 to 40 degrees
- Remote Focus
- Variable Iris
- Rotating Prism
- Indigo Highlighter
- Patented Lens Defogger
- Small Footprint
- Quiet Operation
- Fast Pan and Tilt
- Ships in Roadcase

Dimensions:

Fixture:
15.3" wide x 12.6" deep x 28.1" high
389mm wide x 319.8mm deep x
715.5mm high

In Roadcase:
21.4" (545mm) wide x 17.1" (435mm)
deep x 33.8" (860) high

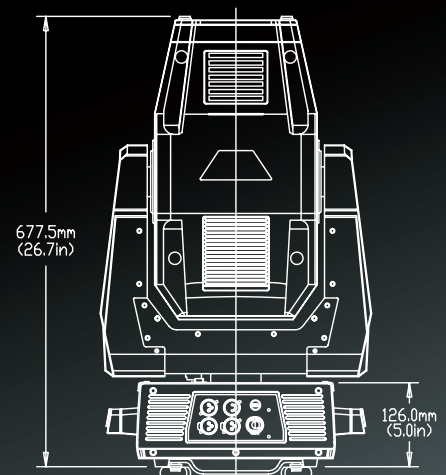

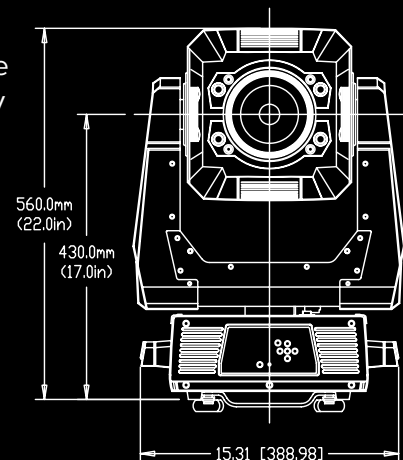

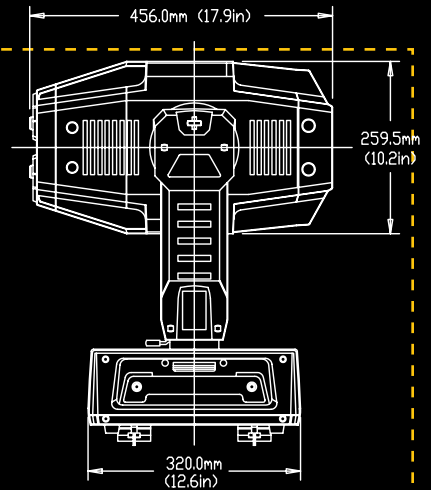

Weight:

65 lbs (29.5 kg)

Shipping Weight:

145.5 lbs (66 kg)
